

Dear Sirs:

I am of the strong opinion that Sinclair Broadcasting Group is abusing its position as a broadcaster operating in the public interest. It is airing one-sided propaganda under the guise of news. It is illegal for them to unilaterally air this kind of material masquerading as news.

The FCC should not allow this to happen. This is precisely what has happened since the rules were relaxed to allow greater and greater concentration of media ownership by one owner.

Please act now to prevent this flagrant illegal act from taking place.
